

Dun & Bradstreet Data Blocks for Sales & Marketing

Empower the Customer Buyer Journey using the Dun & Bradstreet Data Cloud Now Accessible through Data Blocks

Sales, marketers and data professionals alike are looking for ways to use data and insights to empower their business, increase pipeline, and drive efficiency across their department and/or enterprise.

Dun & Bradstreet makes it easy to consume our data and insights through logical, topic-based groupings of data elements from the Dun & Bradstreet Data Cloud known as Data Blocks—a modern method of serving data in a simple, standardized, and flexible way. Data Blocks empower sales, marketers, and data

professionals to easily ingest data they require across their enterprise and do that in a consistent and scalable manner.

Data management is complex; Dun & Bradstreet Data Blocks make it easier than ever for sales, marketers, and data professionals to experience the power of data delivery by simply 'stacking' Data Blocks together to customize data and insight required for your use case.

ABOUT THE DUN & BRADSTREET DATA CLOUD

The Dun & Bradstreet Data Cloud offers the most comprehensive set of business decisioning data and analytical insights, covering hundreds of millions of businesses and other commercial entities across the globe. We source data from tens of thousands of sources, tens of millions of websites, and crowd-validating initiatives. Additionally, we leverage information from our global sources, along with proprietary capabilities, to discover and curate millions of business-to-business relationships. These relationships can include corporate hierarchies, ultimate beneficial ownership, alternative-type relationships, historical ownership, and analytically derived connections.

We continuously monitor our vast number of sources for changes that impact information in the Dun & Bradstreet Data Cloud, including dynamic changes to business relationships. Changes are verified, and updates made to the Data Cloud as relevant. Through Data Blocks customers can take advantage and access the data and insights from the Dun & Bradstreet Data Cloud.

Get started with Data Blocks by contacting your account representative today.
